

The economic design street light luminaire in the 'mini' shape, ranging from 20W to 40W, is the ideal solution that fulfils requirements for functional street and residential lighting. The design has outstanding heat dissipation all in a beautiful compact design. Fitted with electrical components such as ZhiHe drivers, a long lifespan allows us to offer a warranty of 3 years. The tool-free design allows for easy and safe access for minimal cost maintenance. A swivel bracket is available for angled mounting.

Luminaire Power	20,00 W
ProductName	MS11 Mini 20W AC
Lumen	2 400
LEDName	Luxeon 3030
LEDType	SMD
Lens	PPMA
LEDK	4000K
Driver	ZhiHe
BeamAngle	150*70 Deg
Coverage	
CRI	>70
IP Rating	IP66
Operating Temp	-30 to +45
Voltage Input	100-265VAC
Material	Aluminum Alloy shell
Mounting Height	4-5m
Pole-to-Pole	15m
LifeTime	
Photocell Option	
Motion Sensor Opt	
Colour	
Warranty	3 Years
Pole or Base	Not Included
